

4TH ANNUAL JHE GOLF TOURNAMENT

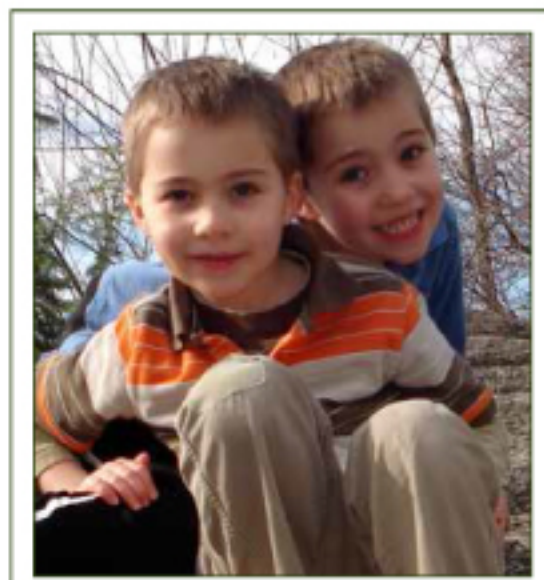

benefitting Lymphedema Advocacy Group

The 2014 Golfing 4 Good beneficiary is a cause that needs our support. The Lymphedema Advocacy Group was founded by JHE employee Brian Ferguson's wife, Heather, after their son Dylan was born with lymphedema. Lymphedema is an incurable but treatable medical condition caused by injury, trauma or congenital defects in the lymphatic system. The most common cause of lymphedema is cancer treatments that remove or damage lymph nodes, making it one of the most significant survivorship issues. The chronic and potentially debilitating condition causes severe swelling generally in the arms or legs and can result in infection, disfigurement, disability or even death if left untreated. Through this organization, a group of all volunteers advocates for improved insurance coverage for the diagnosis and treatment of the disease on both state and federal levels.

Your participation in the 2014 Golfing 4 Good tournament will positively impact this group working to better the lives of all those with lymphedema. Consider your level of support today:

- Hole Sponsorship
- Prize Donations
- Tournament Participation

TUESDAY, OCTOBER 14, 2014
